## SUMMARY

---

Seasoned frontend leader and software engineer specializing in React JS development, embedded technologies, and IoT. Proven track record in team leadership and project success. Active contributor to Mozilla Kerala and Google Dev communities, conducting over twenty tech sessions. Expertise in streamlining procedures for increased productivity. Dedicated to staying current in technology trends for impactful contributions

## EXPERIENCE

---

Sep 2023 – Present **AUFAIT TECHNOLOGIES**

### Frontend Developer

- Contributed to the creation of a dynamic platform that serves as a vibrant showcase for students to exhibit their talents, ideas, and achievements
- Focused on enhancing user interaction through intuitive React components and user interfaces, resulting in a more engaging experience
- Integrated features to support thought leaders' participation in events, including talks, panel discussions, and performances
- Ensured the scalability and optimal performance of the React-based platform, accommodating the growing user base and maintaining responsiveness.
- Stayed abreast of the latest React developments and industry best practices, continuously adapting the platform to meet evolving standards

Jun 2021 – Sep 2023 **NeoITO PRIVATE LIMITED**

### SDE1

- Successfully delivered diverse client projects, showcasing adaptability and versatility.
- Led a team as a Team Lead for an e-commerce web application, managing project timelines and client interactions effectively
- Actively participated in client reviews, ensuring project alignment with client expectations
- Implemented efficient development processes, optimizing workflow and reducing time-to-market for new features.
- Contributed to the development of internal tools, enhancing overall team efficiency and workflow.
- Demonstrated a proactive approach in identifying and addressing internal needs through tool development
- Demonstrated expertise in functionality and API integration, contributing to a seamless user experience.
- Specialized in React and Next.js, utilizing advanced authentication methods to enhance project security

- Developed custom packages to address specific project needs, showcasing a commitment to innovation and efficiency.
- Excelled in API integration across various projects, ensuring smooth communication between different software components
- Contributed significantly to a Customer Relationship Management (CRM) project, showcasing a deep understanding of customer-focused solutions.

Dec 2020 – May 2021 **STEYP PRIVATE LIMITED (An Initiative from Talrop)**  
**Software Engineer**

- Construct a feature-rich chat support system on the Steyp platform, demonstrating your mastery of Firebase for real-time functionality and React.js for the frontend.
- For constant user authentication, a tailored token authentication system was implemented for the chat functionality, smoothly integrating with Steyp's current login system.
- designed key front-end features, such as user interfaces and API connections, that improve the Steyp platform's overall stability and usability.
- We created and integrated a customizable YouTube-like video player that makes use of hls.js to render videos smoothly on the Steyp platform.

Jun 2017 – May 2018 **Sylcon (An Initiative from Faiz Retail Private Limited)**  
**Information Technology Assistant & Stock Auditor**

- Successfully integrated and utilized the Posibolt software for streamlined stock management.
- Played a key role in implementing and optimizing the integration process, contributing to overall operational efficiency.
- Spearheaded the development and implementation of automatic stock auditing processes.
- Implemented QR code validation systems, reducing manual effort and ensuring accuracy in stock tracking
- Provided technical support for colleagues and stakeholders using the Posibolt software.
- Acted as a point of contact for troubleshooting and resolving software-related issues, ensuring seamless day-to-day operations
- Generated detailed reports on stock levels, discrepancies, and corrective actions taken, contributing to informed decision-making

## SKILLS

---

- |              |            |         |            |
|--------------|------------|---------|------------|
| • Typescript | • Nextjs   | • Redux | • Firebase |
| • React JS   | • Git      | • OGIS  | • IOT      |
| • JavaScript | • Tailwind | • HTML  | • PSQL     |
| • Arduino    | • Scss     | • CSS   | • SQL      |

EDUCATION

2018 – 2020	<b>MSC COMPUTER SCIENCE, CALICUT UNIVERSITY</b> Sullamussalam Science College, Areacode Malappuram	Kerala, India
2014 – 2017	<b>BACHELOF COMPUTER SCIENCE, CALICUT UNIVERSITY</b> Jamia Nadwiyya Arts and Science College, Edavanna, Malappuram	Kerala, India
2012 – 2014	<b>COMMERCE WITH MATHS, HSE KERALA BOARD</b> Govt HSS Thiruvaly	Kerala, India
2014 – 2015	<b>SSLC, KERALA BOARD</b> Govt HSS Thiruvaly	Kerala, India
